BY WHITMAN HOMES

2,300 sq ft
3 bedrooms
2.5 baths
2-car garage

So many ways to love a sunny day. Not only does that trio of classic dormers create a handsome roofline, it's the secret of light-filled upper bedrooms with intriguing angles. From front to back, Lighthouse makes the most of the sun's daily passage. The office, with windows on two sides, brightens any workday with views and natural light. And dinner parties get an instant mood lift from sunlight streaming in through large windows in the dining room, and tall double sliders in the great room. Which, of course, invite everyone out to the lovely back patio for fresh air gatherings under the sun or stars.
